Abstract—**This paper provides the instructions for the preparation of papers for submission to WEMIS 2009 and relevant style file that produced this page.**

I. INTRODUCTION

The 2009 Workshop on Exploring Musical Information Spaces will be held in Corfu, Greece, from October 01 through October 2, 2009.

II. SUBMISSION AND REVIEW PROCESS

Papers will be reviewed on the basis of a manuscript of sufficient detail to permit reasonable evaluation. The manuscript should **not exceed six double-column pages, with single line spacing, main text font size no smaller than 10 points, and at least 3/4 inch margins (about 18 mm)**. The deadline for submission is **June 14, 2009**, with notification of decisions by **July 26, 2009**.

III. CAMERA-READY

The deadline for the submission of the final camera-ready paper is **September 6, 2009**. Final manuscript guidelines will be made available after the notification of decisions.

IV. PREPARATION OF THE PAPER

Only electronic submissions in form of a Postscript (PS) or Portable Document Format (PDF) file will be accepted. Most authors will prepare their papers with LATEX. The LATEX style file (`IEEEtran.cls`) and the LATEX source (`wemis_example.tex`) that produced this page may be downloaded from the WEMIS 2009 web site (http://www.dlsi.ua.es/gent/drizo/wemis09/index.html). Do not change the style file in any way. Authors using other means to prepare their manuscripts should attempt to duplicate the style of this example as closely as possible.

The style of references, e.g., [1], equations, figures, tables, etc., should follow the standard IEEE bibliography style from: http://www.ctan.org/tex-archive/macros/latex/contrib/supported/IEEEtran/bibtex.

The affiliation shown for authors should constitute a sufficient mailing address for persons who wish to write for more details about the paper.

V. ELECTRONIC SUBMISSION

The paper submission portal is ConfDriver:

`https://stdev.ifs.tuwien.ac.at/wemis/`

Check WEMIS2009 website (http://www.dlsi.ua.es/gent/drizo/wemis09/index.html) for relevant announcements.

VI. CONCLUSION

The conclusion goes here.

ACKNOWLEDGMENT

The authors would like to thank various sponsors for supporting their research.
